Do You Remember When...

**The Point Pleasant Beach Government
was not the laughingstock of New Jersey.**

**The Mayor and Councilmembers didn't
bicker and insult one another.**

**The Mayor and Councilmembers treated the
public with respect.**

**Meetings of the Mayor and Council were well run,
productive and did not last past midnight.**

**Decisions were made by consensus in the public
interest and not through a secretive process
to promote private agendas.**

**Point Pleasant Beach Was Not "For Sale"
To Special Interests and to Point Pleasant.**

WE DO...

And We are Running for Office to Stop the Madness.
